

Achievement Series® Goes to School

A complete solution for school-level benchmark testing

As a school administrator, you know you need benchmark testing data to make effective educational decisions. Your teachers need the feedback to adjust instruction, and parents need the reassurance of understandable results to track their children's progress. Our Achievement Series School-Size Solution can help.

What is Achievement Series?

Achievement Series supports fixed-form, highly targeted tests, delivering common content administered through a variety of methods: mobile, online, or on paper.

A content-neutral structure enables you to include items on any subject from nearly any source: Answer Key Only scoring from tests and quizzes supplied by your textbook publishers, district- or school-created items, or purchased item banks from Scantron or a selection of other assessment partners.

For more than 10 years, Achievement Series has supported charter, public, and private schools; districts; states; and supplemental education providers across the United States.

What Packages Are Available?

The Achievement Series School-Size Solution includes your choice of packages:

| | |
|--|---|
| 1 | Achievement Series only (no item banks) |
| 2* | Achievement Series with Math & Reading item banks |
| 3* | Achievement Series with Core Four Plus item bank package (ELA, Math, Social Studies, Science) |
| * Includes Scantron's Skills Connection Online, a selection of DOK1/ Basic Skills study guides to help reinforce instruction. | |
